SKIN CARE CAMPAIGN SCOTLAND (SCCS) is an umbrella group that campaigns on behalf of patient support groups to improve provision of care for people who suffer from skin disease. We are a patient-focused organisation. Our aims are:

- To work for improvement in care for people affected by skin conditions.
- To educate and inform relevant professional bodies, the public and the media about skin conditions and their treatment.
- To support other relevant organisations in pursuit of these objectives.

Skin Care Campaign Scotland is a Company Limited by Guarantee
